

Hello Year 6,

For this last session before half term, I thought we could look at a range of questions that cover the topics we have been looking at this half term.

The answers follow the questions, see how many you can do - before you check your answers.

Hope you have a nice break at half term.

Hopefully, I will see you in person soon.

Mrs Yeandle

Feb 8-09:57

Write the missing number to make this **division** correct.

$$75 \div \boxed{} = 7.5$$

Feb 8-10:05

The children at Farmfield School are collecting money for charity.

Their target is to collect £360

So far they have collected £57.73

How much **more** money do they need to reach their target?

£

Feb 8-10:06

3 pineapples cost the same as 2 mangoes.
One mango costs £1.35

How much does **one** pineapple cost?

£

Feb 8-10:08

In each box, circle the number that is **greater**.

$1\frac{1}{2}$	1.2
----------------	-----

$1\frac{1}{4}$	1.3
----------------	-----

$1\frac{5}{100}$	1.4
------------------	-----

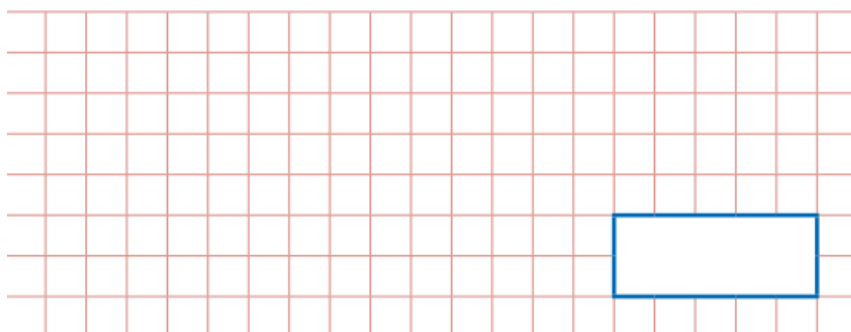

$1\frac{3}{5}$	1.5
----------------	-----

Feb 8-10:09

100 × 412 =

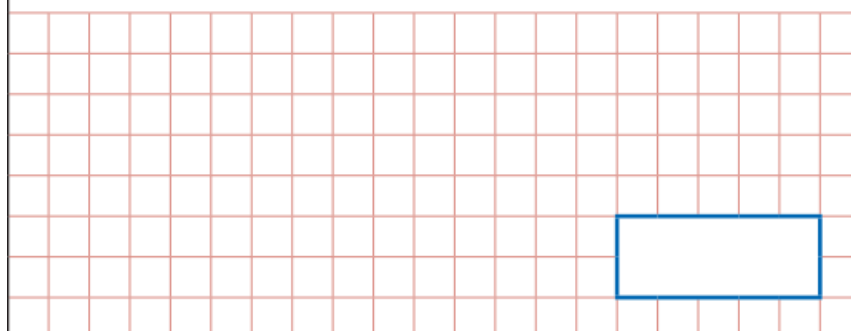

Feb 8-10:09

$$3.005 + 6.12 =$$

Feb 8-10:10

$$20\% \text{ of } 1,800 =$$

Feb 8-10:10

$$15\% \times 440 =$$

Feb 8-10:11

Write the two missing values to make these equivalent fractions correct.

$$\frac{\boxed{}}{3} = \frac{8}{12} = \frac{4}{\boxed{}}$$

Feb 8-10:12

6 pencils cost £1.68

3 pencils and 1 rubber cost £1.09

What is the cost of 1 rubber?

Feb 8-10:13

Write the missing number to make this **division** correct.

$$75 \div \boxed{10} = 7.5$$

One place value to the right means the number has been divided by 10.

Feb 8-10:05

The children at Farmfield School are collecting money for charity.

Their target is to collect £360

So far they have collected £57.73

How much **more** money do they need to reach their target?

$$\begin{array}{r} ^5 ^9 ^9 \\ 3 \cancel{6} \cancel{0} . \cancel{0} \cancel{0} \\ - 57.73 \\ \hline 302.27 \end{array}$$

£ 302.27

Tip: Give yourself 2 decimal places using zero as place holders

Feb 8-10:06

3 pineapples cost the same as 2 mangoes.

One mango costs £1.35

How much does **one** pineapple cost?

$$3 \text{ pineapples} = 1.35 \times 2 = £2.70$$

$$\begin{array}{r} 0.90 \\ 3 \overline{) 2.70} \end{array}$$

£ 0.90

Feb 8-10:08

In each box, circle the number that is greater.

$1\frac{1}{2}$	1.2
$1\frac{5}{10}$	$1\frac{2}{10}$

$1\frac{1}{4}$	1.3
1.25	

$1\frac{5}{100}$	1.4
1.05	

$1\frac{3}{5}$	1.5
$1\frac{6}{10}$	$1\frac{5}{10}$

Feb 8-10:09

100 × 412 =

HTh	TTh	Th	H	T	O
		4	1	2	
<div style="position: relative; height: 100%;"> ↪ ↪ </div>					
					41,200

When we X 100
all digits move 2
places to the left

Feb 8-10:09

$$3.005 + 6.12 =$$
 (be thinking $3 + 6$ is 9)

3 . 0 0 5
6 . 1 2 0
9 . 1 2 5

Place holder!

9.125

Feb 8-10:10

$$20\% \text{ of } 1,800 =$$

10 % of 1800 = $\frac{1}{10}$ of 1800

1800 \div 10 = 180

10 % + 10 % = 20 %

180 + 180 = 360

360

Feb 8-10:10

$$15\% \times 440 =$$

$$10\% \text{ of } 440 = \frac{1}{10} \text{ of } 440$$

$$440 \div 10 = 44$$

$$\text{If } 10\% = 44$$

$$5\% = \text{half of } 44 = 22$$

$$44 + 22 = 66$$

66

Feb 8-10:11

Write the two missing values to make these equivalent fractions correct.

$$\frac{\boxed{2}}{3} = \frac{8}{12} = \frac{4}{\boxed{6}}$$

divided by 2

divided by 4

Feb 8-10:12

6 pencils cost £1.68

*3 pencils are half the price
of £1.68*

$$\begin{array}{r} 0.84 \\ 2 \overline{) 1.68} \end{array}$$

3 pencils and 1 rubber cost £1.09

$$\begin{array}{r} 1.09 \\ - 0.84 \\ \hline 0.25 \end{array}$$

What is the cost of 1 rubber?

Feb 8-10:13

Thank you Year 6
